Sign Your Practice up in [BostonSight FitConnect™](#) today!

FitConnect was developed by BostonSight practitioners for practitioners. We understand clinical care delivery and have brought that knowledge and experience together into an intuitive, web-based fitting and order management system that will increase efficiency in your practice.

FitConnect manages all of your BostonSight SCLERAL patients, orders, fit exchange periods, prescriptions, practice affiliations, locations and more.

- ❖ The web-based fitting tool empowers you to:
 - Make design modifications in real-time for more accurate endpoints
 - Modify sagittal height and four (4) independent hemi-meridians using graphical representations of individual lens profiles
- ❖ FitConnect stores all BostonSight SCLERAL prescriptions so that they can be printed on-demand or refilled electronically
- ❖ Leverage practitioner support staff so you can focus on caring for your patient
- ❖ Accessible from anywhere you have web access - computer, laptop or phone
- ❖ BostonSight offers Fitting Consultants via phone, email and Shared FitConnect Sessions, Live Demonstrations and Online Training Resources
