

THE EYE OPENER: BOSTONSIGHT'S PERCEPTION BUSTING SERIES

COMMON SCLERAL MYTHS DEBUNKED

MYTH 4:

BostonSight SCLERAL lenses are too expensive

FACT:

Our all-inclusive pricing makes BostonSight SCLERAL lenses the most competitively priced on the market!

When patients and practitioners hear about our intelligently designed SCLERAL lenses, some believe that BostonSight lenses are more expensive than others. But that is certainly not the case.

Unlike other scleral lenses, BostonSight offers all-inclusive pricing – meaning no hidden costs or fees. While other scleral lens manufacturers have many add-ons and surprise fees, BostonSight lenses never have an additional cost after the initial price. This allows us to offer **the most competitively priced lenses on the market.**

- No cost for trial lens sets
- All-inclusive price with unlimited, no-charge modifications within 90 days
- No surprises throughout the fitting process – no extra charge for change in diameter, change in base curve, change in material, toric periphery, front surface astigmatism, or channels
- Free training webinars to get started, as well as ongoing fitting support
- BostonSight FitConnect gives clinicians an easy, intuitive, screen-responsive lens design tool and order management system all in one web-based platform
- Support patients in need by reducing financial barriers through our FitAssist™ Voucher Program

With BostonSight SCLERAL, your patients can rest assured that with one payment, they'll get everything they need to see life through a whole new lens.
