

BOSTONSIGHT

SCLERAL

Welcome to a New Vision for
the Care of Irregular Corneas
and Ocular Surface Disease

The Promise of Improved Comfort and Vision

BostonSight® SCLERAL may be the solution for you.

BostonSight SCLERAL is designed to provide clear vision without sacrificing comfort. We've developed a fitting system that minimizes modifications and reduces the number of fit-related visits to your practitioner.

The Science Behind BostonSight® SCLERAL

BostonSight SCLERAL is the **first** scleral lens fitting system driven by clinical data.

WE'VE COLLECTED **6 YEARS** 
OF PATIENT DATA FROM ALMOST 
 **7,000 EYES**

BostonSight SCLERAL Helps with a Wide Range of Eye Conditions

IRREGULAR OR DISTORTED CORNEA

- Keratoconus
- Pellucid marginal degeneration
- Keratoglobus
- Terrien's marginal degeneration
- Salzmann's nodular degeneration
- Corneal dystrophy

OCULAR SURFACE DISEASE

- Dry eye syndrome
- Ocular graft-versus-host disease (GVHD)
- Sjögren's syndrome
- Stevens-Johnson syndrome
- Chemical or thermal burns
- Nerve damage
- Herpes simplex
- Shingles
- Corneal exposure

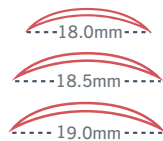

AFTER SURGERY

- Cornea transplant
- LASIK
- Photorefractive keratectomy (PRK)
- Radial keratotomy (RK)
- For injury
- For scarring

Your BostonSight SCLERAL Fit

Your lenses are easily customized for both the right and left eyes based on several options. BostonSight SCLERAL is offered in three large-diameter sizes (18.0mm, 18.5mm, and 19.0mm) to help provide the right fit for you.

A better fit with BostonSight SCLERAL also helps you enjoy:

- ✓ **Improved vision and focus**
- ✓ **Better lens comfort**
