B  **STONSIGHT®**
SCLERAL

With BostonSight SCLERAL, say goodbye to dry, irritated, painful eyes and blurry vision and hello to comfort and improved vision all day.

**Dryness? Irritation? Pain?
Poor, blurry vision?**

**Wouldn't it be great to stop
focusing on your eye issues?**

**You Can! With
BostonSight SCLERAL.**

Help for a Range of EYE ISSUES

REGULAR OR DISTORTED CORNEA

- Keratoconus
- Pellucid marginal degeneration
- Keratoglobus
- Terrien's marginal degeneration
- Salzmann's nodular degeneration
- Corneal dystrophy

OCULAR SURFACE DISEASE

- Dry eye disease
- Ocular Graft vs Host disease (GVHD)
- Sjögren's Syndrome
- Stevens-Johnson Syndrome
- Chemical or thermal burns
- Nerve damage
- Shingles
- Herpes simplex
- Corneal exposure

AFTER SURGERY

- Cornea transplant
- LASIK
- Photorefractive Keratectomy (PRK)
- Radial Keratotomy (RK)
- For injury
- For scarring

Better VISION

BostonSight SCLERAL lenses vault the cornea, creating a smooth surface. Achieve restored vision, healing of damaged tissue, and long-term ocular health.

Comfort and RELIEF

The space between the lens and cornea acts as a fluid reservoir, hydrating your eye all day to promote healing and provide exceptional comfort and relief.

Simple, Fast FIT

Our specialized fitting system minimizes the modifications needed, reducing fit-related visits to your eye care provider.

Patient Support KIT

Give feedback to your eye care provider through MyFitReport™, via pre- and post-fitting surveys, and **receive a free BostonSight SCLERAL lens application and removal kit.**

What Patients Say

“Not only did I experience great vision, but I was able to wear the lenses between twelve to thirteen hours per day!”

— Marci,
BostonSight SCLERAL patient
